

DUFFLE BAGS OF HOPE

The Initiative

Children are entering the foster care system without the basic items they need to thrive. While resources are often available for younger children, they aren't as available for children ages 12+.

Together, we can change that.

Cabarrus Partnership for Children is working to **fill up 30 backpacks with supplies** that will be given to children in the foster care system in Cabarrus County. Help us give hope to children during this often difficult transition.
